has Never Failed

Mr. C. S. Peaslee, the well-known druggist of Morgan City, La., is highly thought of in his neighborhood because of his skill and care in filling prescriptions.

The best physicians in the place send their patients to his store whenever they can. Anybody who has tried Mr. Peaslee's English Remedy knows it.

In a letter to W. H. Hooker & Co., New York City, proprietors of Acker's English Remedy, he says: "In all my many years' experience as a druggist, I have never handled a medicine of any nature that gave such complete satisfaction as Acker's English Remedy for Croup and Lung Troubles. I have sold hundreds of bottles, and have yet to learn of a single case where it failed to cure."

In croup, it acts with a certainty that is really marvellous. I can understand why Acker's English Remedy is so successful, because it is a simple case where it failed to cure."
